**A BIG HUNT.**—On Monday morning of this week Messrs. Chas. Tetlow, Ed. Bumgarner, George Avery, Dick Baldwin and James Anderson, started on a hunt and fish to the southern part of this State, and they may possibly reach Arkansas. We take this opportunity to notify the citizens of whatever locality they may pitch their tent, that it is not their intention to start a grocery store; the wagon contains only their grub and ammunition. We might further state that they are entirely peaceable young men, and no small game will claim their attention, and large game will not be wontonally killed just for the fun of it. Their wagon once filled with bear, deer and turkey, and a few hundred pounds of fish, from that time on they will kill only sufficient for everyday use. We bespeak the kind wishes of the neighborhood in which they may locate, assuring them that they are not dangerous to man or beast.

Miss Koehler and Mr. Norton stood up with the principals, and from appearances—well, we have nothing to say about the latter couple; but time will tell! The bride couple left this morning for St. Louis, and will take in the fair, trades' procession and furniture stores, while we take in the chicken, cake, wine, etc., etc., piled upon our table until we have had to call in help (the boss eaters of the establishment being absent). One of the largest transactions in iron ore that has occurred in this market for many months was accomplished during the past week through the firm of Hoffer & Co. It was a sale of about 70,000 tons of Pilot Knob ore to various furnaces outside this city, delivery to commence at once and continue through the next six months. This means a large increase in the ore output of Missouri, as the furnaces in this city using local ore are not likely to go out of blast so far as we can learn.—*Age of Steel.*

We would be neglecting a duty, were we to omit recognition of the many warm-hearted expressions of sympathy by our brethren in the press in our recent bereavement, but we know they will realize how words fail to express sentiments when the heart is burdened with grief. Though to strangers the opinions of some as to the merits and qualities of our dear one who has been removed from us, may seem exaggerated, we, who had day by day observed the growing intellect and the development of the laughing, blithesome girl into the cheerful, pure and noble woman, whose sympathy made the burdens of life easier and whose presence was the light of the family life, cannot but realize their truth. The light has indeed gone out, and we walk in the shadows of sadness. With her our fondest hopes are buried. We may try to accept the inevitable with resignation, knowing that what to us is death is to her but the beginning of a higher life, but our sorrow abides with us.

Ake, publisher of the Iron County REGISTER, and was a highly cultured and attractive young lady as could be found in any community.—*Piedmont Leader.*

We notice in the St. Louis *Chronicle* of the 18th the death of Miss Nettie Ake, the only daughter of Mr. E. D. Ake, editor of the Iron County REGISTER. Miss Nettie was one of the most beautiful and accomplished young ladies of Iron County, and her death is a great loss to her family and to the community. Her death was the result of a sudden attack of congestion.—*Popular Bluff Citizen.*

Died, on Sunday evening, 16th inst., at Iron County, Mo., Miss Nettie Ake, aged 22 years and 4 months. She was the only daughter of E. D. Ake, editor of the Iron County REGISTER. She was a consistent, active, zealous member of the church, and was one of the most popular of all the young ladies of Iron County. Bro. Ake and family have our most sincere sympathy in their sad bereavement.—*Doniphan Prospect.*

We are sorry to learn of the sudden death of Miss Nettie Ake, daughter of E. D. Ake, of the Iron County REGISTER, which occurred at Iron County, Mo., on the 16th inst., of congestion. Miss Ake has been the assistant of her father for several years on the REGISTER, was very attractive and accomplished, and highly esteemed by all who knew her. Her sudden death has cast a gloom over the entire community around her late home.—*Bloomfield.*

We learn with regret of the death of Miss Nettie Ake, only daughter of Mr. E. D. Ake, of the Iron County REGISTER. Her death was caused by congestion, and occurred last Sunday night. Miss Ake was a bright and shining light in the circles in which she moved, and her demise leaves a vacancy in the home her presence had adorned that cannot be filled. Her death was the result of a host of friends in this severe and sudden bereavement.—*Fredericktown Plaindealer.*

It is with feeling of sorrow that we chronicle the death of Miss Nettie Ake, only daughter of E. D. Ake, of the Iron County REGISTER, which occurred last week. She was a young lady of rare accomplishments, one of the prettiest flowers of the Arcadia Valley. The pride of her parents, and the sunshine of their home, she was a true and loving daughter, and her death is a great loss to her family and to the community. Her death was the result of a sudden attack of congestion.—*Hillsboro Democrat.*

Miss Nettie Ake, daughter of E. D. Ake, of the Iron County REGISTER, died very suddenly Sunday, 16th, of congestion, aged 22 years, four months. She was attacked with a chill on Saturday, but it did not seem serious to her parents or attending physician. On Sunday she was in her usual gay spirit, still about ten o'clock in the evening, when she took suddenly worse, and died in thirty-five minutes, in spite of the efforts of two physicians who were summoned immediately. The procession to her funeral Tuesday was the largest ever seen in Iron County.—*Steelville Sentinel.*

Died, on September 16th, at her home, in Iron County, Mo., Miss Nettie Ake, aged 22 years and 4 months, of congestive chill, after only two or three days' illness. It is with a sad heart we have to chronicle the above sad event. Nettie, always the embodiment of life and vitality, died. It is hardly realizable. Never beat a truer, more kind, more loving and unselfish heart. The light of a happy home, where is now darkness and distress. Cousin Nettie, the last in the world with whom to associate the thought of death—light-hearted, merry and free. How her many friends will miss her, look for her, long for her! Her parents, upon whom the blow must rest terribly, have the deep-seated and sincere heartfelt sympathy of numberless friends, to which we add ours with a feeling unutterable and indescribable. Our playmate for years, in the days of yore, we cannot think of her as gone before, our gay, sympathetic little cousin. Her light has disappeared from this blaze in a better world.—*Bonne Terre Reporter.*

The sad intelligence of the death of Miss Nettie Ake, which occurred suddenly last Sunday night at her home in Iron County, was received at this place last Monday with genuine sorrow and sympathy by her friends and acquaintances, as she had a large circle of them. It will be remembered Miss Ake paid her friends a visit here last spring, as she had done every spring for several years previous, and her refined and lady-like manners and congenial disposition won her many friends. She was the only daughter of Mr. E. D. Ake, editor of the Iron County REGISTER, and for a short time editor of the *Washington County Journal* at this place, which he established after the big fire in December, 1872. Her death is all the more sad from having occurred with but little warning of the presence of the grim reaper, and the sorrow of loving parents and brother is felt all the deeper. In response to telegrams, Mr. E. B. Smith and daughter, Miss Fannie, and Mrs. Benj. Davidson and daughter, Miss Mollie, went to Iron County Monday night, and attended the funeral, which took place from the family residence at 2 o'clock Tuesday morning.—*Potosi Independent.*

The best remedy is Clifford's Febrifuge, or Fever and Ague Cure. A sure and certain cure. For Sale at P. R. Crisp's New Drug Store.

Gov. Crittenden says the Police Commission muddle in St. Louis is in the hands of the courts, and he has nothing to do with it. The Governor is not very consistent. Not long since another matter of considerable interest to St. Louis was in the hands of the courts, but he insisted that he had a great deal to do with it, even to the calling of an extra session of the Legislature and writing very-much-out-of-the-way letters.
